

‘Tis the season to give – and give back!

Beginning today, Seastar guests can donate a hot, nourishing meal for \$10 that will be given to a charitable recipient.

Each month, Chef John Howie will select several charitable beneficiaries to receive donated community meals made at Seastar Restaurant. In December, meals will be given to local hospital heroes from Overlake and Evergreen Hospitals. Additional recipients will include the USO, local fire and police first responders, and individuals in need.

How it works: By donating \$10, individually packaged entrees can be purchased for the charitable recipient. These donated community meals include protein and vegetarian options, including entrees such as roasted chicken with roasted potatoes, pork chile verde with black beans and cotija, cauliflower stir fried rice, among many other delicious, hearty and nutritious meal options. Donations can be made by calling Seastar Restaurant (425-456-0010) between 12:00-7:00 p.m. or by adding an extra \$10 to your bill when ordering a meal for yourself.

During the Covid-19 pandemic, the John Howie Restaurant Group has prepared and delivered more than 10,000 meals for healthcare workers and hospital families, first responders, residents of local homeless shelters and numerous organizations supporting food-insecure individuals.
